## Microsoft Worldwide Partner Conference Awards

Each year, via the Worldwide Partner Conference (WPC) Awards program, Microsoft recognizes partners who have delivered exemplary solutions built on Microsoft® technologies. This is a global program—a unique opportunity for Microsoft partners to showcase their outstanding solutions and to earn recognition.

Award winners and finalists benefit from increased press coverage and market recognition. Winning a global WPC award or becoming a finalist sets our partners apart from their competition and can drive new business opportunities.

It is my great pleasure to share with you here the winners and finalists for 2008. You can also find more detail about the winning solutions at <https://partner.microsoft.com/wpcawardswinners>.

Best wishes,

Allison L. Watson  
Corporate Vice President,  
Worldwide Partner Group

## WINNERS

### Advanced Infrastructure Solutions, Active Directory Partner of the Year

#### Oxford Computer Group, UNITED KINGDOM

*Oxford Computer Group has worked with the Microsoft Live@edu team to develop a Windows Live™ QuickStart package. The solution ties student registration with Live@edu services using Active Directory® Domain Services, with provisioning and synchronization provided by Microsoft Identity Lifecycle Manager 2007. More than a dozen institutions have used the package.*

[www.oxfordcomputergroup.com](http://www.oxfordcomputergroup.com)

### Advanced Infrastructure Solutions, Exchange Migration and Deployment Partner of the Year

#### Compugen, CANADA

*Compugen helped a customer eliminate a critical system uptime problem and enhance security by combining its best-practices-based Pathways deployment framework with Quest Software migration tools. The result? A new Microsoft Exchange Server 2007 platform that delivers enhanced performance—and is easier to support.*

[www.compugen.com](http://www.compugen.com)

Microsoft

### Advanced Infrastructure Solutions, Hosting Solutions Partner of the Year

#### groupSPARK, UNITED STATES

*GroupSPARK's hosted offering, Private Label Exchange, is built on Microsoft Solution for Hosted Messaging and Collaboration 4.0 and on Microsoft Exchange Server 2007 Service Pack 1. Partners can offer Microsoft Exchange Hosted Services based on the groupSPARK service using their own brand, domain, and corporate identity.*

[www.groupspark.com](http://www.groupspark.com)

### Advanced Infrastructure Solutions, Storage Solutions Partner of the Year

#### Compellent Technologies, UNITED STATES

*Compellent Storage Center offers Windows® administrators an easy and familiar interface to manage networked storage. The flexibility of Compellent Storage Center, and its integration with Volume Shadow Copy Services, enables administrators to recover data for Exchange Server, Microsoft SQL Server®, and other Microsoft applications—quickly and efficiently.*

[www.compellent.com](http://www.compellent.com)

WINNERS

WINNERS

MAP  
TO  
SUCCESS

Microsoft

**Advanced Infrastructure Solutions,  
Systems Management  
Partner of the Year**

**Dimension Data, AUSTRALIA**

*Dimension Data Managed Services for Microsoft Infrastructure combines smart technology (Microsoft System Center Configuration Manager and System Center Operations Manager), proven processes (Microsoft Business Desktop Deployment), and a well-defined management framework (Microsoft Operations Framework) to help ensure its customers' environments move up the infrastructure optimization maturity model.*

[www.didata.com](http://www.didata.com)

**Advanced Infrastructure Solutions,  
Windows Desktop Deployment  
Partner of the Year**

**Getronics, NETHERLANDS**

*Getronics Rapid Deployment Experience (RDX) capitalizes on key Microsoft technologies and tools, such as Business Desktop Deployment 2007, System Center Configuration Manager, System Center Operations Manager, and Active Directory, alongside custom-developed tools found in the RDX Studio toolkit. The solution has enabled customers to reduce IT costs significantly.*

[www.getronics.com](http://www.getronics.com)

**Business Process and Integration Solutions  
Partner of the Year**

**EMC, UNITED STATES**

*To help make a customer more competitive and better able to scale, EMC automated the customer's mission-critical sales order and proposal creation process. Using Microsoft BizTalk® Server 2006 R2, EMC easily integrated multiple enterprise systems, including the customer's extranet, enterprise resource planning, CAD, and product publishing systems.*

[www.emc.com](http://www.emc.com)

**Citizenship Partner of the Year**

**Citrix Systems, UNITED STATES**

*Citrix Systems is working with the Kofi Annan Information and Communications Technology (ICT) Center of Excellence in Accra, Ghana, to train the next generation of faculty and systems engineers to build and operate the latest and most cost-effective ICT access infrastructure in its first cyber-sister city venture.*

[www.citrix.com](http://www.citrix.com)

**Custom Development Solutions,  
Application Infrastructure Development  
Partner of the Year**

**imason, CANADA**

*Working with Canada's leading provider of Internet recruitment—Workopolis—imason helped to migrate its presentation layer and scale its site with Microsoft .NET. With imason's help, Workopolis has lowered its total cost of ownership, reduced time to market, and easily introduced business functionality without introducing errors.*

[www.imason.com](http://www.imason.com)

**Security Solutions,  
Identity and Secure Access  
Partner of the Year**

**Omada, DENMARK**

*Omada Identity Manager has extended the value of Microsoft Identity Lifecycle Manager 2007 by providing incremental compliance reporting, advanced role-based access control, and the management of user identities across heterogeneous environments. Omada has also developed value-added capabilities for Microsoft Identity and Access Solutions.*

[www.omada.dk](http://www.omada.dk)

**Security Solutions, Infrastructure Security  
Partner of the Year**

**Eurodata Systems, UNITED KINGDOM**

*The National Health Service (NHS) in the United Kingdom has benefited from Eurodata Systems' secure remote-access solutions based on the Microsoft Intelligent Application Gateway. At the Imperial College Healthcare NHS Trust, a Eurodata solution has cut the viewing time of digital CT scans from 20 minutes to 2 seconds.*

[www.eurodatasystems.com](http://www.eurodatasystems.com)

**Small Business Specialist  
Partner of the Year**

**Quadrasystems.net, INDIA**

*For its customer, Biovel Life Sciences (a healthcare provider to developing countries), Quadra deployed Windows Small Business Server 2003 R2 Premium along with upgraded desktops running Windows Vista Business and Microsoft Office Standard 2007—supplemented by its consultancy, implementation, training, and proactive and reactive post-sales support services.*

[www.quadrasystems.net](http://www.quadrasystems.net)

WINNERS

WINNERS

Microsoft

**Mobility Solutions Partner of the Year  
CDC, RUSSIA**

*The CDC OPTIMUM system provides business-process automation for fast-moving consumer goods producers and distributors by leveraging Windows Mobile® and the .NET Framework, the scalability of the platform, and the time-to-market advantage of Microsoft Visual Studio® development tools. The solution offers mobile businesses increases in efficiency—while helping to decrease operating costs.*  
[www.cdc.ru](http://www.cdc.ru)

**Networking Infrastructure Solutions  
Partner of the Year**

**Quadrasystems.net, INDIA**

*Technology assessments, combined with Quadra's careful assessment of daily work patterns of healthcare employees, has enabled it to match product features of Windows Small Business Server 2003 R2, Windows Vista Business, and Microsoft Office Standard 2007 to an employees' individual work styles within the Indian healthcare industry.*  
[www.quadrasystems.net](http://www.quadrasystems.net)

**OEM Hardware Solutions,  
Device Manufacturing  
Partner of the Year**

**Fujitsu Siemens Computers, GERMANY**

*Fujitsu Siemens Computers' customer wanted to set up new simulation workstations with advanced technology to train UniKlinikum Heidelberg's dental students. The ESPRIMO Q prepares students for the medical challenges of the 21st century. "We can offer students training that was previously not possible," says UniKlinikum Heidelberg's Project Manager, Wolfgang Schmelz.*  
[www.fujitsu-siemens.com](http://www.fujitsu-siemens.com)

**OEM Hardware Solutions, System Building  
Partner of the Year**

**Fujitsu Siemens Computers, GERMANY**

*The Mobile Broadband embedded notebook customization offering from Fujitsu Siemens Computers provides anywhere, anytime access to e-mail, the Internet, and business applications. The company also helps ensure that telecommunications operators can offer the best solutions to their customers with professional notebooks with embedded Universal Mobile Telecommunications System (UMTS) technology.*  
[www.fujitsu-siemens.com](http://www.fujitsu-siemens.com)

**Custom Development Solutions,  
Smart Client Development  
Partner of the Year**

**InterKnowlogy, UNITED STATES**

*At the San Diego Zoo, InterKnowlogy built an experience that enables guests to plan the route of their zoo visits by using a wizard-driven Microsoft Silverlight™ application. Visitors can plan routes, zoom in and explore the virtual zoo, and view exhibits. They can also save trip plans for later use.*  
[www.interknowlogy.com](http://www.interknowlogy.com)

**Custom Development Solutions,  
Web Development Partner of the Year**

**Vertigo Software, UNITED STATES**

*Vertigo created a solution with the Hard Rock Cafe to enable users to view and interact online with its 70,000-piece memorabilia collection. Vertigo made this solution real by using Microsoft Silverlight and Microsoft .NET Framework 3.5. The solution also included a content management system built with Windows SharePoint® Services 3.0.*  
[www.vertigo.com](http://www.vertigo.com)

**Data Management Solutions,  
Business Intelligence Partner of the Year**

**Information Management Group,  
UNITED KINGDOM**

*Information Management Group designed a solution that capitalizes on the data-management opportunity by using the Microsoft integrated business intelligence offering. The solution helps customers gain insight into data as it is being passed between complex business processes, enabling customers to better target their customers and increase sales.*  
[www.imgroup.com](http://www.imgroup.com)

**Data Management Solutions,  
Database Management  
Partner of the Year**

**Integrated Services, UNITED STATES**

*Integrated Services SQLRx takes advantage of the standard performance metrics available within SQL Server 2005 and the Windows Server System™ and wraps the SQLRx WinPerf tool around them to solve issues with poor performance. Integrated Services customers have experienced substantial performance gains and have avoided unnecessary hardware costs.*  
[www.isi85.com](http://www.isi85.com)

WINNERS

WINNERS

Microsoft

**Distribution Partner of the Year**

**Tech Data Brasil, BRAZIL**

*Tech Data Brasil created Business Discovery to analyze the relevant Microsoft purchases of each reseller; track the daily, monthly, and annual progress of partners; make regional follow-ups; generate cross-selling reports; measure incremental sales increases; and assess each salesperson's Microsoft performance.*

[www.techdata.com.br](http://www.techdata.com.br)

**Enterprise Alliance Partner of the Year**

**Accenture and Avanade,  
UNITED STATES**

*Working together, Accenture, Avanade, and Microsoft deliver business solutions that enable companies to improve performance, increase strategic advantage, and create real business value. Through proven solutions that extend Microsoft technologies, Avanade consultants deliver value according to each customer's requirements, timeline, and budget.*

[www.accenture.com](http://www.accenture.com)  
[www.avanade.com](http://www.avanade.com)

**Global ISV Line of Business,  
Special Recognition Partner of the Year**

**Fiserv, UNITED STATES**

*The Fiserv online banking product, Voyager, leverages .NET Framework 3.5 and Microsoft ASP.NET to enable banks to offer a differentiated and improved user experience. And the Fiserv portal, Intelligence Workspace, provides banks with a single, unified business-intelligence ecosystem based on the 2007 Microsoft Office system and SQL Server 2008.*

[www.fiserv.com](http://www.fiserv.com)

**Global ISV Consumer,  
Special Recognition Partner of the Year**

**Sonic Solutions, UNITED STATES**

*Sonic Solutions enhances the way consumers interact with their digital media assets. By integrating Windows Presentation Foundation, Windows Aero™, and gadgets in its applications, Roxio helps consumers to be more productive. Sonic Solutions provides users with the best experience on Windows Vista® when working with digital media.*

[www.roxio.com](http://www.roxio.com)

**Global ISV Infrastructure,  
Special Recognition Partner of the Year**

**Citrix Systems, UNITED STATES**

*Citrix has assembled a broad set of core technologies to offer an end-to-end infrastructure for application delivery. Leveraging server, application, and desktop virtualization, Citrix and Microsoft make their joint customers' IT infrastructures more flexible and dynamic.*

[www.citrix.com](http://www.citrix.com)

**Microsoft Dynamics GP  
Partner of the Year**

**InterDyn Socius, UNITED STATES**

*With more than 1,000 successful implementations of Microsoft Dynamics GP and Microsoft Dynamics CRM, InterDyn Socius has helped companies maximize efficiency and profitability by integrating inventory, finance, budgeting, project management, sales and marketing, payroll, and customer service. It facilitates intracompany data sharing, enabling transparency across organizations and improving productivity.*

[www.socius1.com](http://www.socius1.com)

**Microsoft Dynamics NAV  
Partner of the Year**

**Eclipse Computing Australia, AUSTRALIA**

*Working closely with the wine industry, Eclipse Computing built its Vinpoint solution on Microsoft Dynamics NAV and packaged it to enable its customers to install components in phases with the functionality they need. The single solution supports the entire journey from grape to table—a fully integrated, end-to-end business-management solution.*

[www.eclipsecomputing.com.au](http://www.eclipsecomputing.com.au)

**Microsoft Dynamics Point of Sale  
Partner of the Year**

**Elypsis, UNITED STATES**

*By offering a completely integrated solution for the wine industry, including wine club, e-commerce, shipping compliance, inventory and allocation, and excise tax management, Elypsis has quickly become the de facto technology provider among its winery customers, through word of mouth to their neighbors and others in the industry.*

[www.elypsis.com](http://www.elypsis.com)

**Microsoft Dynamics SL  
Partner of the Year**

**Synergy Business Solutions,  
UNITED STATES**

*Synergy's sales approach helps the company plan customers' solutions, using customers' real data, and then proves that the solutions meet their business needs. Customers see a working solution—not a theoretical demonstration—before they purchase. Then, Synergy shows customers how the Microsoft Dynamics SL solution helps them become more efficient.*

[www.synergybusiness.com](http://www.synergybusiness.com)

WINNERS

WINNERS

Microsoft

**Licensing Solutions, License Delivery  
Partner of the Year**

**Bytes Technology Group,  
UNITED KINGDOM**

*The heart of Bytes' success is dedication to customer service through building a sales staff of licensing experts. Sales engagements begin by helping customers to properly understand their Actual License Position and then guiding customers through the best licensing options to meet their short-term and long-term needs.*

[www.bytes.co.uk](http://www.bytes.co.uk)

**Licensing Solutions,  
Software Asset Management  
Partner of the Year**

**DATALOG Software, GERMANY**

*DATALOG Software Software Asset Management (SAM) Infrastructure Optimization enables companies to manage their Microsoft software assets throughout their life cycles, regardless of the size, business model, and complexity of the business. As a result, customers can establish stable and long-lasting processes that help ensure the sustainability of all SAM implementations.*

[www.datalog.de](http://www.datalog.de)

**Microsoft Dynamics AX  
Partner of the Year**

**Fullscope, UNITED STATES**

*The Fullscope solution for process industries has gained significant traction and recognition since it became available. In the past year, Fullscope has expanded its business to more than 125 partners worldwide, by focusing on providing the tools and expertise for partners to build their own successful industry practice.*

[www.fullscope.com](http://www.fullscope.com)

**Microsoft Dynamics CRM  
Partner of the Year**

**i5, SOUTH AFRICA**

*The i5 Group uses the Microsoft Dynamics® CRM application and its underlying platform to deliver comprehensive marketing, sales, and customer-service solutions. And to build and deploy comprehensive customer solutions that integrate Microsoft Dynamics CRM, Microsoft Office SharePoint Server, Office Communications Server, and Exchange Server, along with existing customer systems.*

[www.i5.co.za](http://www.i5.co.za)

**Global ISV Technology Innovation,  
Special Recognition Partner of the Year**

**Dassault Systemes, FRANCE**

*Dassault Systemes' implementation of Windows Rights Management Services was the first of its kind for an enterprise manufacturing global ISV partner. ENOVIA 3DLive implemented Microsoft Office Communications Server, the most advanced contextual collaboration solution to date. And VE-3DVia Shape is a joint-branded 3-D modeling solution with the Microsoft Virtual Earth™ product group.*

[www.3DS.com](http://www.3DS.com)

**Information Worker Solutions,  
Data Visualization Partner of the Year**

**Idea Integration, UNITED STATES**

*Idea Integration, with its GIS Portal Solution, has created and deployed complex infrastructure solutions based on the Microsoft server platform. The solution takes advantage of the .NET Framework and AJAX to create visually rich, lightweight, and secure maps, forms, and charts.*

[www.idea.com](http://www.idea.com)

**Information Worker Solutions,  
Enterprise Content Management and  
Forms Development Partner of the Year**

**LegendCorp, CANADA**

*LegendCorp offers a content-management solution that provides a single platform for both intranet and extranet applications. This solution includes the Microsoft Office SharePoint Server components of Enterprise Search, Enterprise Content Management, Document Management, Collaborative Team Sites, and Electronic Forms and Workflow.*

[www.legendcorp.com](http://www.legendcorp.com)

**Information Worker Solutions,  
Enterprise Project Management  
Partner of the Year**

**EPM Live, UNITED STATES**

*EPM Live provides a low-cost, low-risk, yet high-value solution that combines the technology of the desktop Microsoft Office Project 2007 application with online Windows SharePoint Services 3.0 environments to provide immediate access to a rich set of online collaborative tools and value-added services.*

[www.epmlive.com](http://www.epmlive.com)

WINNERS

WINNERS

Microsoft

**Information Worker Solutions,  
Office Deployment Partner of the Year**

**Dimension Data, AUSTRALIA**

*Dimension Data offers an innovative deployment solution based on the Microsoft Business Desktop Deployment Solution Accelerator to provide customers with zero-touch deployment solutions incorporating 2007 Microsoft Office system upgrades. The solution allows companies to easily offer their users a consistent and reliable client computing environment, while driving down deployment costs.*

[www.didata.com](http://www.didata.com)

**Information Worker Solutions,  
Office Solutions Development  
Partner of the Year**

**Goodsen Technology, KOREA**

*Goodsen Technology News to-Gather is an integrated solution package to gather, deliver, share, edit, use, and reuse multimedia articles for the press industry. The media solution uses Windows Server® 2003, Exchange Server 2007, Microsoft Office Communications Server 2007, Microsoft Office SharePoint Server, and other servers based on .NET Framework 2.0.*

[www.goodsentech.com](http://www.goodsentech.com)

**Information Worker Solutions,  
Performance Management  
Partner of the Year**

**Mariner, UNITED STATES**

*Mariner's solution helps schools improve their operations and educational programs by enabling school district leaders to monitor, manage, and analyze how the schools and their students are doing. This solution uses SQL Server 2005 and Windows SharePoint Services 3.0 to deliver Microsoft Office PerformancePoint® Server dashboards and scorecards to users.*

[www.mariner-usa.com](http://www.mariner-usa.com)

**Information Worker Solutions,  
Portals and Collaboration  
Partner of the Year**

**Ascentium, UNITED STATES**

*Ascentium offers an integrated, well-planned Web 2.0 and enterprise content management solution to improve customer service, unify customers' brand identity across multiple product divisions, and enhance overall communications internally and externally. The solution helps unify content publishing and approval streams, portray products effectively, and deliver timely data on real-time results.*

[www.ascentium.com](http://www.ascentium.com)

**Information Worker Solutions, Search  
Partner of the Year**

**Tam Tam, NETHERLANDS**

*The Tam Tam search solution, based on the search functionality in Microsoft Office SharePoint Server 2007 Enterprise Edition, is designed from the users' perspective, making it easier for them to find what they are looking for and saving them approximately 15 percent of the time they used to spend searching for information.*

[www.tamtam.nl](http://www.tamtam.nl)

**Information Worker Solutions,  
Unified Communication  
Partner of the Year**

**MTS Allstream, CANADA**

*MTS Allstream HealthCareAnywhere integrates presence and click-to-communicate features across Microsoft Office desktop applications, Exchange Server 2007, Microsoft Office Communications Server 2007, Office Live Meeting, Office SharePoint Server 2007, Office InfoPath® 2007, Office Groove® 2007, and other Microsoft Office applications.*

[www.allstream.com](http://www.allstream.com)

**ISV/Software Solutions Partner of the Year**

**ICONICS, UNITED STATES**

*The ICONICS GENESIS64 suite includes several solutions that allow for connectivity from the plant floor to corporate business systems, and it leverages Microsoft technologies, including Windows Server 2008, Windows Vista, .NET Framework 3.0, and Microsoft Office SharePoint technology.*

[www.iconics.com](http://www.iconics.com)

**ISV/Software Solutions, Innovation  
Partner of the Year**

**Verdiem Corporation, UNITED STATES**

*Verdiem, with its environmentally responsible solution, SURVEYOR, helps companies gain network-level control over the power settings of Windows-based PC systems on their networks. This enables companies to safely place PCs and monitors into low-power states, when they are not in use.*

[www.verdiem.com](http://www.verdiem.com)

**Learning Solutions Partner of the Year**

**iSolve Business Solutions,  
SOUTH AFRICA**

*iSolve, with a focus on industries including medical, retail, financial, and insurance, uses the infrastructure optimization model, along with Microsoft Official Curriculum and Microsoft E-Learning, to perform infrastructure and skills assessments to find gaps and then provide customized learning paths to help customers achieve their maximum potential.*

[www.isolve.co.za](http://www.isolve.co.za)
